Award-winning photography from five continents is coming to Frankfurt Main to participate in our next exhibition:

**THAT’S MY WORLD at APFELWEINGALERIE FRANKFURT.**

In close cooperation with **TAGREE.DE** the online magazine for photography and art we were able to invite a selection of international photographers to contribute their view of their world to our exhibition (not focused on documenting the pandemic).

The exhibition opens March 5th and will be on display until April 23rd. The works shown are limited editions of giclée prints on Hahnemühle FineArt PhotoRag paper.

APFELWEINGALERIE ([aw-galerie.com](http://aw-galerie.com)) has a focus on contemporary photography. The white-cube exhibition space is located in the middle of the city, in the entrance area of Kleinmarkthalle Frankfurt.

**FACTS ABOUT APFELWEINGALERIE**

Since October 2020, **APFELWEINGALERIE FRANKFURT** complements the Frankfurt gallery scene with a low-threshold offer in the field of contemporary photography.

In our exhibitions we bring back photography from digital data to analog reality. And as the name suggests, the small gallery also enriches its location - Kleinmarkthalle Frankfurt (Frankfurt markethall) - with a noteworthy range of regional ciders.

**CREATIVE DIRECTOR MARTIN SCHITTO**, who spent many years of his professional life in advertising, decided in 2019 „to do something completely different“, left his advertising agency and reoriented himself (towards photography).

His connection to Kleinmarkthalle is manifold, including being the creator of the Instagram account **@kleinmarkthalle.ffm** with almost 2500 followers. He is married, has two grown-up daughters and works as a photographer, curator and gallery owner in Frankfurt.
